Say No to Tobacco

It's dangerous to your health
A leading cause of lung cancer death
my dear friend, stop smoking now,
save your life and your dreams of ~~of~~ tomorrow

Smoking doesn't make you cool. Sorry!
Tobacco is the second major cause of death
in the world. It is well known that the
people who smoke, chew or consume tobacco
eventually will be killed by it. Tobacco use
harms everything. By everything I mean
each and every moment of your life that
you could live happily. Numerous factors
of tobacco use play into the destruction of
a human health and body. May 31st is
the World no tobacco day, an annual
awareness day sponsored by the World
Health Organisation since 1987. The event
intends to highlight the health risks
associated with tobacco use and encourage
governments to adopt effective policies to
reduce smoking and the use of other tobacco
products. The actual focus of World no
tobacco day is on the lung health.
Smoking is the leading cause of chronic
obstructive pulmonary disease.

Countless numbers of people currently in
use of tobacco products attempt to quit
their use of tobacco, but many fall
